Introduction

The Interim Consolidated Report at September 30, 2017 of the Intercos Group is prepared in accordance with the provisions of art. 154 *ter*, paragraph 5 of Legislative Decree 58/98 – T.U.F., and subsequent modifications and additions, and drawn up in accordance with IAS 34 – Interim Financial Reporting, issued by the International Accounting Standards Board (IASB).

The notes to the interim consolidated financial statements at September 30, 2017, pursuant to IAS 34, are presented in a condensed form and do not include all the information required for annual financial statements, in that they refer solely to those components which, by amount, composition or variation, are necessary for an understanding of the results of operations, cash flows and financial position of the Group as of that date. Therefore, the interim condensed consolidated financial statements at September 30, 2017 should be read in conjunction with the 2016 consolidated financial statements of Intercos S.p.A.

The accounting policies and basis of preparation of the interim condensed consolidated financial statements have been applied on basis consistent with those applied in the annual consolidated financial statements at December 31, 2016.

All amounts are expressed in thousands of Euro, unless otherwise indicated.

The preparation of the Interim Consolidated Report has required the use of estimates by management.

With the intention of providing additional information that reflects the parameters for analysis and control used by management to assess the Group's performance, the following pages present the reclassified consolidated statement of financial position at September 30, 2017 and the reclassified consolidated income statement for the first nine months then ended, as well as the comparative statements at September 30, 2016 and December 31, 2016, respectively, supplemented with non-GAAP alternative performance measures.

The reclassifications had no effect on the net profit or on the equity reported in the interim consolidated financial statements.

The non-GAAP alternative performance measures identified in the reclassified consolidated income statement and the reclassified consolidated statement of financial position are used by management to provide information for a better assessment of the results of operations and financial position of the Group. Such performance measures should not be construed as a substitute for the performance measures established by IFRS.

The alternative performance measures are calculated as follows:

- **EBITDA:** is calculated as profit before taxes, financial income (expenses) without any adjustment and before depreciation, amortization and impairment reversals (losses). EBITDA also excludes income (expenses) from the result of unconsolidated companies and securities, as well as gains or losses on disposal of consolidated investments, classified under financial income (expenses) or, for the share of the profit (loss) of only investments accounted for using the equity method (non-operating), within the item result from investments accounted for using the equity method.
- **Adjusted EBITDA:** is calculated by the deducting the following, if applicable, from EBITDA, as defined above:
 - impairment of goodwill, if any;
 - amortization of the portion of the purchase price allocated to intangible assets in a business combination, as established in IFRS 3;
 - restructuring costs, under specific and significant restructuring plans;
 - nonrecurring other income (expenses) referring to particularly significant events unrelated to ordinary business operations.
- **Operating working capital** includes inventories and trade receivables and payables.
- **Net working capital** is given by operating working capital net of other current assets and liabilities.
- **Net invested capital** is the sum of non-current assets, non-current liabilities and net working capital.
- **Net debt (cash) or net financial position:** is given by the sum of current and non-current financial liabilities net of short- and long-term financial receivables, including cash and cash equivalents.
- **Headcount** is given by the number of employees registered in the payroll book on the last day of the reporting period.

BUSINESS COMBINATIONS – ACQUISITION OF COSMINT GROUP

On August 3, 2017, Intercos S.p.A. completed the acquisition of 100% of the capital of Cosmint Group S.p.A., a company operating for over 20 years in the B2B cosmetic sector and leader in the manufacture of skin, hair and body products. The acquisition will create one of the largest B2B beauty groups worldwide. Cosmint Group's manufacturing excellence, profound knowledge of the beauty market and state-of-the-art factories in Italy and Poland will allow Intercos to grow significantly in terms of organizational skills and manufacturing capacity. Not least, Intercos will now be able to satisfy customers' needs in almost every category of the beauty industry thanks to the addition of Cosmint in the Intercos family.

The acquisition of the Cosmint Group S.p.A. was partly financed by own funds and partly by new credit lines obtained without modifying the loan contract described in greater detail under subsequent events.

The higher price paid, although not yet entirely paid, was allocated to goodwill on a provisional basis for €42,643 thousand until completion of the relative allocation process as set out in IFRS 3.

The different trends in sales by geographic region in the first nine months of 2017 compared to the corresponding period of the prior year are as follows:

- Americas: posts a 42% increase in sales particularly in the Prestige market. Leading this growth are first of all “multinational” customers, followed by “emerging brands” with a certain degree of stability recorded by “retailer” customers.
- EMEA: reports sales of €194,520 thousand compared to €176,830 thousand in the corresponding period last year, growing €17,690 thousand (+10%). The gain is mainly attributable to “retailer” customers where the Group has positively focused the development of commercial relations.
- Asia: records total sales of €47,037 thousand, 48% more than the €31,681 thousand reported in the same period of the prior year. The increase can primarily be traced to the enormous efforts by the Group to increase the sales volumes of “emerging brands and local “retailers”. In addition, although to lesser extent, sales with “multinational” customers display a positive growth.
- Cosmint Group: almost all sales are concentrated in the EMEA area.

Inventories total €116,920 thousand at September 30, 2017 and show an increase of €33,624 thousand compared to December 31, 2016. The increase is due to the inclusion of Cosmint inventories for €20,374 thousand and higher inventories in the areas of Europe and Asia. Trade receivables amount to €139,563 thousand at September 30, 2017. The increase of €46,728 thousand includes Cosmint trade receivables of €26,929 thousand and those of the Asian subsidiaries and Intercos Europe.

Equity increased by €13,211 thousand and reflects the negative change in exchange differences on translating foreign operations of €7,037 thousand and the cash flow hedge of €278 thousand, net profit of €20,600 thousand, actuarial losses of €29 thousand and the negative consolidation reserve of €153 thousand, which includes the effect of the payment of dividends to non-controlling interests, and the parent's share capital increase of €108 thousand.

The net financial position of €247,968 thousand rose by €115,133 thousand compared to December 31, 2016. It includes the net financial position of Cosmint of €27,905 thousand and higher financial payables deriving mainly from the transaction for the acquisition of Cosmint Group.

There were no significant nonrecurring events or transactions during the first nine months of 2017.

IMPORTANT EVENTS DURING THE FIRST NINE MONTHS OF 2017 AND SUBSEQUENT EVENTS

- **In January and February 2017**, in order to obtain the best available banking terms on the market, the parent negotiated, with a syndicate of banks composed of Banca IMI S.p.A., Intesa Sanpaolo S.p.A., Unicredit S.p.A., BNL S.p.A. and ICBC (Europe) SA – Milan Branch, certain amendments to the loan contract signed on March 24, 2015 by Intercos Europe S.p.A., Banca IMI S.p.A. and Unicredit S.p.A., the total amount of which, after such amendments, will nevertheless remain at €80,000,000. In effect, the repayment date of the Term Facility was extended to December 31, 2021 and a new and better annual interest rate was obtained for both the Term Facility and the Revolving Facility which are indexed to the performance of the EURIBOR or the LIBOR for the USD tranche.
- **Also in January and February 2017**, the parent negotiated amendments to certain terms and conditions of the €120,000,000 non-convertible bonds, moving the due date to March 28, 2023 and obtaining a better fixed rate at 3.25% instead of the previous 3.875%.
- **On July 28, 2017:**
 - (i) the Intercos S.p.A. shares held by DAFE 3000 S.r.l. were converted into Class A shares, like those held by DAFE 4000 S.p.A. and DAFE 5000 S.r.l.;
 - (ii) the Intercos S.p.A. share capital increase was approved, against payment, without exclusion of the option right (but the exercise of it was waived by all other shareholders), issued and subscribed at par value and, therefore, without a share premium, for 922,423 Intercos S.p.A. Class C shares at a price per share of €0.1172824182. This share capital increase was thus equal to a total of €108,184, bringing the total amount of Intercos S.p.A. to €10,818 thousand compared to the previous €10,710 thousand).
- **On August 3, 2017**, Intercos S.p.A. finalized the transaction for the acquisition of the entire share capital of Cosmint Group S.p.A., which, in turn, owns the entire share capital of Cosmint S.p.A.,

Sodisco S.r.l. and Tatra Spring Polska Sp. Zoo. (a Polish-registered company). The agreement was signed with Futura Società Semplice”, sole shareholder of Cosmint Group S.p.A., and with Messrs. Decio Masu, Alessandro Masu and Massimiliano Masu (who control Futura).

Intercos S.p.A. also asked and received, in July, approval from the financing banks to conclude the above described transaction. In addition, the German Antitrust Authority, on July 13, 2017, gave its approval to the acquisition, affirming that it does not carry the requisites that would impose a veto on proceeding with the transaction pursuant to art. 36, paragraph 1 of the German Antitrust Law.

As part of the acquisition, Intercos S.p.A. offered Cosmint Group the possibility of securing short-, medium- and long-term financing at the same terms applied to the Intercos Group, refinancing by October 31 Cosmint Group S.p.A.’s entire existing debt, and that of its subsidiaries Cosmint S.p.A. and Sodisco S.r.l., except for the debt on finance lease contracts. The transaction was in fact concluded on September 29 with a new credit line granted to Cosmint Group for €24,000,000 by a syndicate of financing banks, with a final due date of December 31, 2021.

- **In September 2017**, the two audits by the financial police begun on June 16, 2015 reached positive conclusions: (a) the first, relating to the presumed establishment of an offshore company to avoid taxes by Intercos America Inc., for which the auditors noted neither any exception nor formal or substantive violation, therefore no expenses were levied or charges brought against the subsidiary; (b) the second, regarding the statement of findings issued on September 28, 2017 and indicating a higher taxable income by Intercos S.p.A, will be submitted by the financial police to the Revenues Agency.
- **On October 16, 2017**, the shareholders of Intercos S.p.A., Dafe 4000 S.p.A., Dafe 5000 S.r.l. and CP7 Beauty Luxco S.à r.l. finalized the August 4, 2017 sale of a minority stake in Intercos S.p.A., equal to 20.588%, to Innovation Trust, the beneficiary of which are fully owned by Ontario Teachers’ Pension Plan Board.
